

Community Supports- Sobering Center

Information and Referral form

This referral form is required for authorization

Community Supports (CS) are services that are flexible, wrap-around supports designed to fill medical and socially determined health gaps. The services are provided as a substitute or to avoid utilization of other services such as hospital or skilled nursing facility admissions, discharge delays, or emergency department use.

What are Sobering Centers?

Sobering Centers are a Community Support service that provides an alternative destination for Members aged 18 years and older who are found to be publicly intoxicated (due to alcohol and/or other drugs) and would otherwise be transported to the emergency department or jail. Sobering Centers provide these individuals, primarily those who are homeless or those with unstable living situations, with a safe, supportive environment to become sober.

What is included?

Sobering Centers provide services such as medical triage, lab testing, a temporary bed, rehydration and food service, treatment for nausea, wound and dressing changes, shower and laundry facilities, substance use education and counseling, navigation and warm hand-offs for additional substance use services or other necessary health care services, and homeless care support services.

CONSENT

Member Consenting to Sobering Centers YES NO

If NO, please stop and do not continue.
