

Date: November 20, 2024

From: CenCal Health
Pharmacy Department

Subject: Assembly Bill 1114

CenCal Health will be adding the ability for Pharmacies to bill for specific clinical services rendered by a pharmacist. All added services follow California Assembly Bill 1114, which outlines the specified pharmacist services that are a reimbursable Medi-Cal benefit when rendered to a Medi-Cal Managed care Member in the outpatient pharmacy setting. Please see the initial details for the new program below:

- Eligible Members
 - A patient who has active CenCal Health enrollment for the date of service
- Eligible Pharmacists Services
 - Furnishing travel medications
 - Furnishing naloxone hydrochloride
 - Furnishing self-administered hormonal contraception
 - Initiating and administering immunizations
 - Providing tobacco cessation counseling and furnishing nicotine replacement therapy
- Accepted Billing Codes
 - Evaluation and Management (E&M) billing codes:
 - 99201 – New patient
 - 99212 – Established patient
 - Administration billing code:
 - 90471 – Vaccine administration

For further information on the above program, or if you would like to inquire about becoming contracted with CenCal Health to provide the above services, please contact the CenCal Health Pharmacy Department at (805) 562-1080.

In Partnership,
CenCal Health
