How to Use This Directory

CenCal Health has two provider directories: One for residents of Santa Barbara County and one for residents of San Luis Obispo County. You may request that either or both provider directories be sent to you. To view these directories online, go to http://www.cencalhealth.org/providerdirectory

This directory is a list of health care providers in your county who are available to you as a CenCal Health member. This list is subject to change, and we will tell you if the doctor you choose is no longer available. **All members should pick a doctor or clinic that will be their main doctor, called a Primary Care Provider (PCP).** You will find these doctors and clinics listed in the first section of the directory. Each member in your household can have a different PCP.

In California, the Children's Health Insurance Program (CHIP) is fully administered through the Medi-Cal program. All Providers who are contracted with a Medi-Cal Managed Care Plan (MCP) to serve pediatric Members also serve CHIP-funded children. There is no separate Network or distinction in service delivery between Medi-Cal and CHIP enrollees; both are covered under the same benefits, funding structure, and Provider access standards.

How to pick a PCP (Key to abbreviations used in this book)

- Choose a doctor or clinic in the area where you live. This makes it easier for you and your family to get care when you need it. If you have been getting care from a doctor, specialist, or a hospital, you may have the right to keep your provider for a period of time if you have certain medical conditions. Please see your Member Handbook for more information or call Member Services.

- "ANP Santa Barbara: Yes" means this PCP is "accepting new patients" who live in Santa Barbara County. You will also find the age range that this PCP is accepting. This is also important when choosing a PCP for your children. Some doctors and clinics see all ages, some just children and some just adults.

- "ANP San Luis Obispo: Yes" means this PCP is accepting new patients who live in San Luis Obispo County. You will also find the age range that this PCP is accepting. This is also important when choosing a PCP for your children. Some doctors and clinics see all ages, some just children and some just adults.

- "ANP Santa Barbara: No" means the PCP is not accepting new patients. In most cases, you need to have been a patient of this doctor within the last year in order to select them as your PCP. Call Member Services for approval or for more information at the phone number listed below.

- "ANP San Luis Obispo: No" means the PCP is not accepting new patients. In most cases, you need to have been a patient of this doctor within the last year in order to select them as your PCP. Call Member Services for approval or for more information at the phone number listed below.

- "Staff Language" - This gives the other language(s) spoken at that office or clinic. If you speak a language other than English, look for a doctor or clinic that can speak your language. Interpreter services are also available upon request by calling the number listed below.

- "CCS:" Lists whether the provider is credentialed to see members who are identified as being part of California Children's Services (CCS).
- "Lang:" This gives the language(s) that the doctor speaks other than English.
- "Cert" lists any Board Certifications that the doctor has.
- "CC" indicates whether the doctor has had cultural competence training.
- "GAS" indicates whether the doctor works with gender affirming services.
- "Hosp Affil" indicates the doctor's hospital affiliations.
- "TH" indicates whether the doctor accepts Telehealth appointments.

Specialty Providers

These are providers that you may use in addition to your PCP with a referral from your PCP. However, you cannot choose these providers as your PCP. Some specialty providers do not require a referral from your PCP first. These include acupuncturists, chiropractors, family planning providers, and gynecologists/obstetricians for well-women exams. Hospitals are also listed in here. Contracted specialists in both counties are available.

If you are pregnant, you will still need to choose a PCP. Your Obstetrician is not a PCP. A doctor or clinic specializing in Obstetrics and Prenatal Care will only treat you during your pregnancy; for all your other medical care you will need to see your PCP. Obstetrics are listed under Specialty Providers.

Mental health and Behavioral Health Treatment - Applied Behavioral Analysis (ABA) services

A comprehensive list of mental health and ABA providers can be found in this directory. Members may select and contact a mental health provider for counseling or medication management services, or call us at 1-877-814-1861 for help picking a provider. ABA services require a pre-authorization from CenCal Health. Please discuss with your child's pediatrician whether ABA may be a medically necessary service. Some PCP clinics offer mental health services within the clinic's network. Talk to your PCP to find out if these services are available.

Enhanced Care Management (ECM)

Usted puede pedir que le envíen uno o ambos directorios de proveedores. Para ver estos directorios en línea de internet, visite www.cencalhealth.org/providerdirectory.

Este directorio es una lista de proveedores de cuidado de salud en su condado que están disponibles para usted como miembro de CenCal Health. Esta lista está sujeta a cambios y nosotros le informaremos si el médico que eligió ya no está disponible. **Todos los miembros deben elegir un médico o una clínica que será su médico principal, llamado Proveedor de Cuidado Primario (PCP por sus siglas en inglés).** Usted encontrará estos médicos y clínicas en la primera sección del directorio. Cada miembro en su hogar puede tener un PCP diferente.
En California, el programa de Medi-Cal administra completamente el Children's Health Insurance Program (CHIP; programa de seguro médico para niños). Todos los proveedores contratados con el plan de atención administrado de Medi-Cal (MCP, por sus siglas en inglés) para servir a los miembros pediátricos también ofrecen servicio a los niños financiados por CHIP. No hay una red separada ni distinción en la entrega de servicios entre personas inscritas en Medi-Cal y CHIP; ambos están cubiertos bajo los mismos beneficios, estructura de financiamiento y estándares de acceso a proveedores.

Cómo elegir un PCP (la abreviación de PCP se usará en este libro)

- Elija un médico o una clínica en el área donde usted vive. De esta manera será más fácil que usted y su familia obtengan atención médica cuando la necesite. Si ha estado recibiendo atención médica de un médico, especialista u hospital, es posible que tenga derecho a continuar con este proveedor por un periodo de tiempo si tiene ciertas condiciones médicas. Por favor refiérase a su Manual para Miembros para obtener más información o llame a Servicios para Miembros.

- Las palabras "ANP Santa Bárbara: Yes" significan que el PCP está aceptando pacientes nuevos que viven en el condado de Santa Bárbara. Además, encontrará las edades que este PCP está aceptando. Esto también es muy importante cuando elija a un PCP para sus hijos. Algunos médicos o clínicas aceptan miembros de todas las edades, pero otros solamente aceptan a niños y otros solamente a adultos.

- Las palabras "ANP San Luis Obispo: Yes" significan que el PCP está aceptando pacientes nuevos que viven en el condado de San Luis Obispo. Además, encontrará las edades que este PCP está aceptando. Esto también es muy importante cuando elija a un PCP para sus hijos. Algunos médicos o clínicas aceptan miembros de todas las edades, pero otros solamente aceptan a niños y otros solamente a adultos.

- Las palabras "ANP Santa Barbara: No" significan que el PCP no está aceptando pacientes nuevos. En la mayoría de los casos, para poder seleccionar a este médico como su PCP, necesita haber sido un paciente de este médico durante el último año. Llame al número de teléfono que se indica a continuación para hablar con Servicios para Miembros para pedir una aprobación u obtener más información.

- Las palabras “ANP San Luis Obispo: No” significan que el PCP no está aceptando pacientes nuevos. En la mayoría de los casos, para poder seleccionar a este médico como su PCP, necesita haber sido un paciente de este médico durante el último año. Llame al número de teléfono que se indica a continuación para hablar con Servicios para Miembros para pedir una aprobación u obtener más información.

- “El idioma que habla el personal” – Esto indica el idioma(s) que hablan en la oficina o clínica. Si su idioma principal no es inglés, busque un médico o clínica que hable su idioma. También están disponibles servicios de intérprete, los puede pedir llamando al número mencionado abajo.

- "CCS:" indica si el proveedor está acreditado para atender a miembros identificados como parte de California Children’s Services (CCS).

- “Leng:” indica el idioma(s) que habla el médico aparte de inglés.

- “Cert” indica cualquier especialidad / certificación del comité de proveedores que tiene el médico.

- “CC” indica si el médico ha recibido entrenamiento en competencia culturales.

- “GAS” indica si el médico trabaja con servicios de afirmación de género.

- “Afil Del Hosp” indica hospital(es) donde está afiliado el médico.

- “TH” indica si el médico acepta citas de telesalud.

Proveedores por Especialidad

Estos son los proveedores de salud con quien usted puede acudir, aparte de su PCP, con un pase de su PCP. Sin embargo, usted no puede elegir a estos proveedores como su PCP. No necesita obtener un pase de su PCP para ciertos especialistas. Estos incluyen acupuntura, quiroprácticos, planificación familiar y ginecología/obstétricos para exámenes de bienestar de la mujer. Hospitales también están anotados aquí. Especialistas contratados en ambos condados están disponibles.

Si usted está embarazada, usted tendrá que seleccionar un PCP. Su Obstétrico no es un PCP. Un médico o clínica que se especialice en obstetricia y cuidado prenatal puede tratarla durante su embarazo; para todo otro cuidado médico usted tendrá que acudir a su PCP. Los obstétricos están anotados bajo Proveedores por Especialidad.

Servicios de Salud Mental y del Comportamiento - Análisis de Comportamiento Aplicado (ABA por sus siglas en inglés)

Los servicios de ABA requieren una autorización previa de CenCal Health. Por favor hable con el pediatra de su hijo(a) para confirmar si los servicios de ABA que necesita, es un servicio médicamente necesario. Algunas clínicas de PCP ofrecen servicios de salud mental y conductual dentro de la red de la clínica. Hable con su PCP para averiguar si estos servicios están disponibles.

Estos programas analizan los procesos y metodología de medición, la transparencia, la colaboración y el equilibrio entre calidad/coste a la hora de utilizar la información para tomar decisiones.

A continuación encontrará enlaces a sitios web que comparan la calidad de la atención en hospitales acreditados. Cada hospital se somete a un proceso de evaluación objetivo para medir, valorar y mejorar el desempeño. Los estándares de última generación se centran en la seguridad del paciente y la calidad de la atención para ayudar a reducir el riesgo de errores y permitir una mejora continua.
